STRETCH FILM

STRONG HOLD. MAXIMUM PROTECTION.

Our premium stretch film is designed to provide exceptional load stability, puncture resistance, and protection during storage and transit.

SUPERIOR STRENGTH
High tensile strength ensures a tight wrap and keeps your products secure.

PUNCTURE RESISTANT
Durable and tough film protects against tears and punctures.

EXCELLENT CLING
Self-cling properties provide a secure seal without residue.

HIGH ELONGATION
High stretch capability for maximum load containment and stability.

COST EFFECTIVE
Optimizes material usage and reduces product damage and loss.

ECO FRIENDLY
100% recyclable and safe for the environment.

PREMIUM QUALITY
Consistent performance and reliable protection.

SECURE LOADS
Keeps your pallets stable and products intact.

SAVE TIME & COST
Easy to use and reduces labor and material waste.

VERSATILE USE
Ideal for warehouse, logistics, moving, and industrial use.

SUSTAINABLE SOLUTION
Recyclable film for a greener future.

Thickness: 12 micron, 15 micron, 19 micron, 25 micron, and 51 micron

Sizes: 6 inches to 36 inches.

POLYOLEFIN SHRINK FILM

PREMIUM PACKAGING SOLUTION

EXCELLENT CLARITY
Crystal clear transparency enhances product visibility and shelf appeal.

STRONG & DURABLE
High tensile strength and puncture resistance for superior protection.

PERFECT SHRINKAGE
Uniform shrinkage for a tight, wrinkle-free finish on various shapes.

MOISTURE & DUST RESISTANT
Provides a reliable barrier against moisture, dust, and contaminants.

FOOD SAFE & RECYCLABLE
Safe for food contact and 100% recyclable for a sustainable future.

HIGH CLARITY
Superior transparency for maximum visibility

SUPERIOR STRENGTH
High durability and puncture resistance

VERSATILE APPLICATION
Ideal for a wide range of products and industries

PREMIUM QUALITY
Consistent performance you can rely on

ECO FRIENDLY
Recyclable and environmentally responsible

Sizes: 9mm, 12mm, 15mm, & 19mm.

PET & PP STRAPS

STRONG BOND. RELIABLE HOLD.

High-performance strapping solutions for secure packaging and transportation. Available in PET (Polyester) and PP (Polypropylene) for a wide range of industrial applications.

HIGH STRENGTH
Superior tensile strength ensures maximum load security.

DURABLE & RELIABLE
Resistant to impact, moisture, and UV for dependable performance in all conditions.

SAFE & EFFICIENT
Smooth edges and consistent quality protect your products and improve operation efficiency.

ECO FRIENDLY
100% recyclable materials for sustainable and responsible packaging.

PET STRAP
- ✓ High Tensile Strength
- ✓ Low Elongation
- ✓ Excellent Shock Resistance
- ✓ Ideal for Heavy Duty Applications

PP STRAP
- ✓ Lightweight & Flexible
- ✓ Good Tensile Strength
- ✓ Chemical Resistant
- ✓ Cost Effective Solution

SECURE & STRONG

RELIABLE PERFORMANCE

HIGH TENSILE STRENGTH
Ensures maximum load security during transit.

WEATHER RESISTANT
Performs in all environments, indoors and outdoors.

COMPATIBLE
Works with manual, battery and automatic tools.

COST EFFECTIVE
Reliable performance with lower overall cost.

ECO FRIENDLY
Recyclable and safe for the environment.
